Mill-in

Some students started their day at 5:00 in the morning, just to be first in line. Eating donuts and drinking coffee while sitting on the cold cement. Juniors and Sophomores began their day a little later. All just trying to get the classes they wanted. After going through a series of lines, students entered the gym. Teachers were separated into subjects across the room. Student rushed to stand in yet another line waiting for the teacher to sign their cards.

When finally all 6 schedule spaces were filled, the school year would finally begin.

Heather Powell, Lisa Hansen, Andrea Crutchfield Elizabeth Eihl & Maria Franke

"Do we have any classes together?" Senior Marcella Yee asks Senior Anthony Green.

Seniors Lisa Hansen, Heather Powell, Monika Moore, Andrea Crutchfield, Maria Franke and Tara Alliger finish the mill-in procedure.

"I was thinking of taking..." Sandhu Shamir and Scott Hennessee decide on which classes to take this year.

As the crowd goes wild...the mill-in cards get handed out. Students had to go through many obsticlesto to pick their classes.

Milling around the mill-in....all morning students decided which classes they wanted to take and who to take them with.

"Do you have any room for me?" Students hopefully approached teachers looking for room in the classes of their choice.

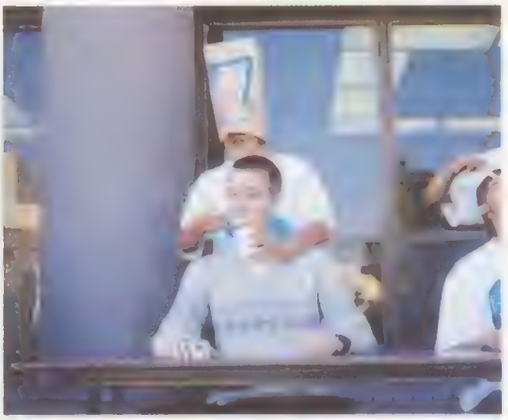
For 1994, Hornet Homecoming began on September 26th and ended with a homecoming parade, game and dance on October 1st. The Hornet theme was Around the World in Seven Days. Homecoming week included spirit days such as, Pajama Day, Greaser Day, Nerd Day, Twin Day and Theme Day. Lunchtime spirit competitions included, Ice cream Eat, Water Squirt and Marshmallow Feed. On the Morning of October 1st the Homecoming Parade took place. In the parade the Senior Float took first place with their European Float. The underclassmen float themes were North America [freshmen], Asia [sophomores] and Africa [juniors]. The afternoon Homecoming games ended with a victory for the Junior Varsity and a defeat of 44-22 for the Varsity. Both games were played against rival team, Albany. Homecoming 1994 finally came to an end with a dance that lasted from 8:00 to 12:00 in the AHS gymnasium.

Let's boogy! The excitement filled the dance floor as everyone got down to the Y.M.C.A..

Ice cream, ice cream, more, more-Danny Wilson loved it when Bella Lui of the Junior class fed him Chocolate Mint ice cream.

Feed me baby- Cam and Tino are stuffing each other with a big chunk of Marshmallow.



Around the World . . .

"For once the Senior class was spirited, everyone was involved. I worked on the Eiffel Tower and everyone helped out. Everyone wanted to do their own thing but the Seniors came together and made a great float. And for the Homecoming game, even though we didn't win, Homecoming was still fun and everyone was spirited.

How about getting together?- D. Cirmello and L. Monroe joined hands while everyone around was doing their own thing.

"This was my first year being involved in homecoming and I <u>really</u> regret not doing it earlier. I met a lot of people that I went all through high school with. The paper matte was pretty fun too!

Soph. and Frosh. Comp: Jason and Tino were fed by Jessica and Cam. Jason had more than a mouthful, while Tino wanted more.

Freaks, nerds and weirdos- The Homecoming Court all dress up as nerds, posing for a portrait during class competitions.

Run, run, run-Paulo Luis of the Varsity team is holding on tight to the football while running from the Albany defense.

"Homecoming was a great experience that brought the whole school together! I really enjoyed being there because a lot of my friends were there too."

"I don't like anything. Everything is gross."
-Lauren Busk,10-

-Billy McClure,12-

Chug-a-lug . . . down goes the Snapple for seniors Micheal Coker and Dusty Garcia, enjoying lunchtime at the circle.

"What do you see down there, Bern?", wonders senior Andrea Thieme. She is often found eating lunch not that far from school at Park St.'s Jack in the Box.

Let's do lunch, juniors Adam Andrew and Jeff Wilson look pretty happy to be out to lunch, while Dawn Montenelli waits in line before them.

Having some Hors de vours before they actually reach Park St. are freshmen Dominium Sims, Brian Edwards and Justin Skonberg.

" Whopper anyone?" Seniors Akos Konder and Chris Stauder share a peaceful lunch at South Shore's Burger King.

" Do you like A.B.C. gum?" Jenny Archibald and Abby Laeno, seniors, lounging in the sun for a quick snack at the circle.

Why do you want to watch us eat?", asks junior Melissa Hickey as she returns to school after a filling meal with sophomore Julie Redle.

On the steps of Historic Alameda you can find Michelle Kwan, Amber Hall and Ian Burt.

Boy, this pot sticker sure is hot! Vanessa Souza, and Tali Cohen chow down at Park Street's $1 Chinese Food.

The Urn of Sin is a happenin' place for this bunch of munching, fun-loving seniors, juniors and a few sophomores.

Assemble This

Assemblies are one of the many activities at Alameda High through which students can sit alongside their friends, show their spirit and get involved in activities by participating in skits and class competition. Although each assembly is unique in its own way, one good part about all assemblies is that they enable the students to gather together in one place.

In the past years, the schedule had been changed to accommodate two assemblies. Now that the new gym has been built there's enough room to accommodate the entire student body which has made assemblies even better this year.

● Sunnie Azadimani

Principal Mrs. Ruark, Superattendant Mr. Chaconas and Board Member Mr. Huie smile for the camera as S.B. President Sam Otis cuts the ribbon of the new gym.

During the Homecoming assembly Lina Song and Jeremy Castro work to represent Seniors in a class comp.

"Go Hornets!" Cheerleaders have always being a big part of cheering up their fellow students during assemblies.

Freshman Scott Yi waves to the crowd with a messy face. Scott must love whipped cream.

Mrs. Cunningham, Mrs. Sherratt, Mr. Maiers and Mrs.Ruark judge the skits during the spirit assembly.

The Gong Show! Lauren Fong and the Hornet mascot show their spirit in the Jr. spirit skit.

Jackie Brown participates in the Sr. class skit at the spirit assembly.Ooops, that's Jake Brown!!!

"Let's see what our audience chose!" Douglas Fullerton and Lisa Slauson are hosts in the Soph skit.

Show some spirit Hornets! Juniors Amanda Jones, Amy Gilmen, Melissa Hichey and Usa Chaitlal focus their attention to the assembly.

Is that Mr. Sonneman mopping? Mr. Sonneman has contributed a lot of spirit and hard work to A.H.S!

ZOO Volunteer

Stephanie Dere

what do you do?

I volunteer at the San Francisco Zoo every other Saturday. I do a lot of cleaning: cages, runs, and litter pans. I also make diets which involves chopping chicks and gutting mice. You get used to it after a while. It's mainly volunteer work for the animals not the people.

what's the best part?

What I like best about volunteering at the zoo is handling the animals and making diets.The diets are specific for each animal. Some just get greens, some get snails and mealworms... they are fun to make. Actually, all of volunteering is fun. I get to work with creatures I like and be with other volunteers who have similar beliefs about the environment and the world.

At the beginning of the 1994-95 school year the DECA club of Alameda had to decide on a project to enter for California State competitions in March. One purpose of DECA, they determined, was to develop civic resposibility. Therefore, the Alameda DECA chapter de-

DECA

cided on the Civic Conciousness Project which provided food baskets filled with Thanksgiving goodies for unfortunate Alamedans. Annie Fong, with the help of the Alameda Red Cross and several other DECA members, raised $1100 for the project.

AHS Students DONATE their Time and *Effort* to Help Out the Community

ALAMEDA HOSPITAL

above: Michael Rowland participates in an Alameda canned food drive sponsored in part by Alameda Hospital

Why do you volunteer for the hospital?

Michael Rowland: It's a great way to meet people, make friends and all that.

William Lei (prospective pediatrician): Colleges look for community services on their transcripts.

Alameda Hospital Junior Volunteers (the title given to high school participants) are scheduled to work one day a week for two hours. A typical day's duties are:

* stamp charts and place in folders
* change the patients' water and trash bags
* file (least popular task)

ADOPT A PARK

Lina Song, Alameda High Senior: I'm in an organization called AYSC (Asian Youth Service Committee) which is sponsored by the Oakland Police Department. We do several things to help out the community and to help Asian youth at risk. There are tutorial programs, dances, and Lion dancing. This committee consists of over 100 Asian youths from all over the East Bay. We have about seven subgroups or teams. During the spring and summer of 1994 each team would "adopt a park" in Oakland for one month; the team would decide to meet on a Saturday and clean up the park's garbage.

RED CROSS

Lilly Wong (sophmore), Lauren Zimmerman (sophmore), and Pedro represent the Alameda Red Cross at the Kids Health and Safety Fair which took place at South Shore. These three students taught about child and infant choking techniques.

Show me your pearly whites! Sarah Burke, Mark Franchi, Jeremy Meyers and Erin Thompson take a break from dancing to pose for the camera.

Dance!Dance!Dance! For these girls the night was filled with music that made them move. Having fun with friends was also a part of Winter Ball.

Having fun at her first Winter Ball is Freshman, Beth Hurwitz dancing the night away with Robert Hudson.

Mark Lagospi and Erin Gong stop to take a picture while slow dancing, being with that special someone is a part of every dance.

Winter Bliss !!!

The night of December 9th was magical in Alameda High's old gymnasium as people danced and laughed the night away at the annual Winter Ball. The Sophomore class decked the old gym out in dazzling shades of green and silver making this an evening to remember forever.

"I got it covered".Amelia Hicks-Issacas stands by while her date pays for pictures.

" But the line is so long." But, people always find ways to entertain themselves while standing in line.

The Varsity Cheerleaders keep the Alameda spirit up at halftime.

Showing their true colors, Nassim Sarrefzadeh is overjoyed with Hornet Pride.

Ouch!!! That had to hurt. Dennis Dezon watches the Hornets with intensity.

Another Challenge

It was a beautiful day as the Alameda Football team took on Encinal at Thompson Field. The J.V. team came out on top as the 1995 A.C.C.A.L. champions. The Varsity team tried their best to win, but missed by a few points. Don't worry guys, we'll get them next year! **Tiffany Beeler**

"Even though they were down the whole game, the guys tried hard to come back." **Senior Chris Nobella**

Group Attack!!! Nathan Frye jumps into the tackle to keep a rival Encinal Jet from making a touchdown.

Lean on me!! Fellow players help injured Errico Bachicha out of harm's way.

This year the Drama Department has produced two phenominal productions, "The Crucible" the fall play and "Hello Dolly" the spring play. The fall play was a great sucess. Jack McCormack was a strong actor as John Procter. "Hello Dolly" with Sarah Burson as Dolly, was at Koffman Auditorium. Opening was May 1 and closing night was May 13. The students involved are dedicated and end up with a bunch of new friends.

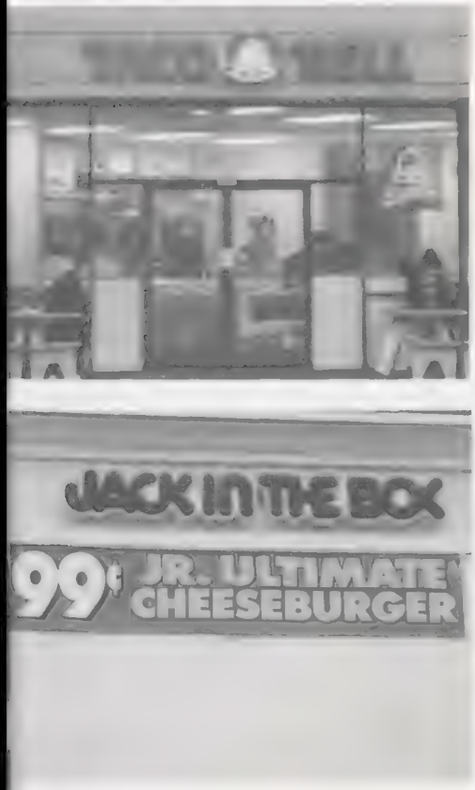
Laughter fills the air as good friends and a great hangout take their effect.

Just Hangin'



If you've got five dollars, you can feed a party of 64. Taco Bell is quite the hangout on Friday and Saturday nights.

Conveniently located just around the corner from Alameda High, Jack-in-the-Box is just the place to go for food and friends.

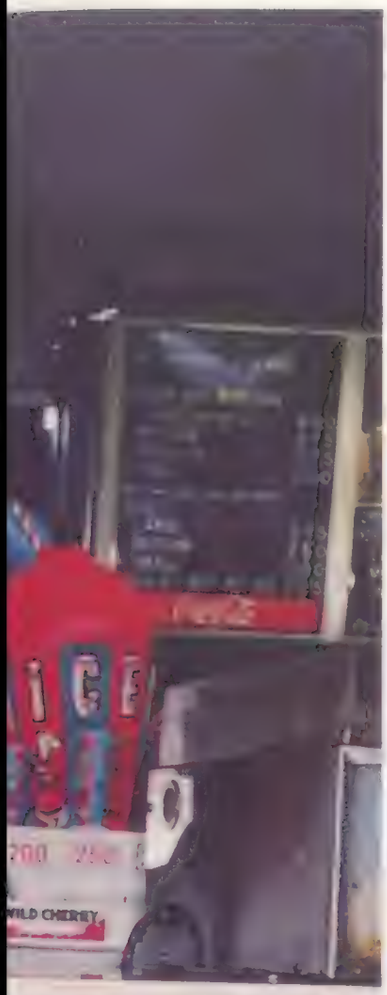
A new addition to this year's list of cool hangouts, Applebee's Neighborhood Bar and Grill is the place to be.

From fast food, to coffee shops, to restaurants people take a break from their day. Here they find the people they like to see, and things they like to do. Their hangouts offer them food, conversation and comfort. Soon everyone has to leave because we know you can't stay forever, but no sighs, because the same place will be there tomorrow, and the day after, and the day after that.

Discussing appointments with Dr. Parker, Gina Natalie always gets the last word.

Camill Hammond cuts a balloon for the child of a Beauty Center Customer.

South Shore Cinema has Josh Tabisura making fresh popcorn for viewers of the latest movies.



All Work, No Play

While some people spend after school and weekends with friends, other people need to work. Some people work to support themselves and their family, while others have a job to save money for college, to buy a car or just to have some spare change.

Working can be a great experience, yet frustrating at times. It teaches you responsibility, communication with others and how to keep calm when the customer just won't understand!

Like new beginnings, the first day at a new job can be very overwhelming. There are so many aspects that come along with work such as filling out the application, the interview, getting a work permit, the first day you're there and of course, the paychecks . . . but the experience doesn't stop there it goes on and on . . . .

Somehow time has gone so fast,
We must find ways to make it last.
The times we share,
the things we do,
Before it's too late, we must make
our dreams come true.
Friends we've lost, Friends we've found,
They're all so important- just look around.
As days go on, we'll all part,
It's the kind of thing that breaks one's heart.

AHS'S SUGAR PLUMB FAIRY

Elizabeth La Barre does not lead the normal life of an Alameda High School Senior. After school when most students are home watching talk shows, Liz can be found in a leotard and tights practicing her plies and grand jete's. Hoping to have a career from all this work, Liz practices 7 days a week from 2pm-8pm every day after school. But her work doesn't stop with dance classes. During the holiday season Liz performs in the Nutcracker with Oakland Ballet, a tradition for her since she was 8 years old. This year she toured various places in the United States to perform in the Nutcracker in which she had many roles. After the holidays and the Nutcracker are over, Liz doesn't have much time for relaxing. She jumps right back into her toe shoes and goes back to her tough schedule that will some day make her a star.

IF YOU'RE SMART YOU MIGHT JUST GET TO SWIM WITH THE SHARKS

Errico Bachicha went through a wounderful experience this summer. He recieved an Academic Excellance Award from the Earth Corps U. C. Berkeley. His winnings from this award included a trip to the Bahamas where he also had the chance to learn as well. There he helped other students do their projects on sharks.Throughout the trip his responsibilities included maintaining the labs, and sometimes making dinner. The fun part for Bachicha was that he actually got to swim with the sharks."It was one of the greatest educational experiences that I've ever had," said Bachicha. "Working with the world's greatest greatest shark expert, Dr. Gruber, was a once in a lifetime chance.

senior banquet

Thursday, January 26, 1995 was a magical night for the **Seniors** at **Gabbiano's** on Pier 2. It was a night to celebrate the **beginning** of their **final** semester in high school and remember the past years spent with **good friends**. A slide show of **memories**, the announcements of **Senior Best** and a picture-perfect view made it a night the **Class of 1995** will never forget.

● *kimberley joy miner and sakeenah nisreen mccullough*

Elizabeth Stewart is one of the hard working teammates that won the State Championship for her rowing team. Rowing is a very tough sport. We asked Stewart what her average day was.

Starting at 4:30 a.m. Liz and her team would go to the boathouse in Oakland. They then either lift weights, run 2 miles, or row under the Park and Fruitvale bridge.

They practice every day, and commit to Saturdays and Sundays. Liz and her team have traveled all around the Bay Area including Long Beach, Sacramento and San Diego. Last year was Elizabeth's first year and hopefully it won't be her last.

Ryan Mier has a red belt in Bok-Fu. He started at a young age of six and a half. Bok-Fu is not considered a sport, it is supposed to teach you self-defense. When asked what he thought of Bok-Fu, Ryan responded, "It's great, but people have to understand that it's not to compete it teaches you how to defend yourself."

Academics

Alameda High has a new way of introducing it's students to the changing world of technology through the use of the new multi-media equipment located in the Media Academy. The Academy is a new program which starts in the freshman year and by senior year the student has a headstart on the multi-media superhighway.

It's Time for New Technology
Media Academy

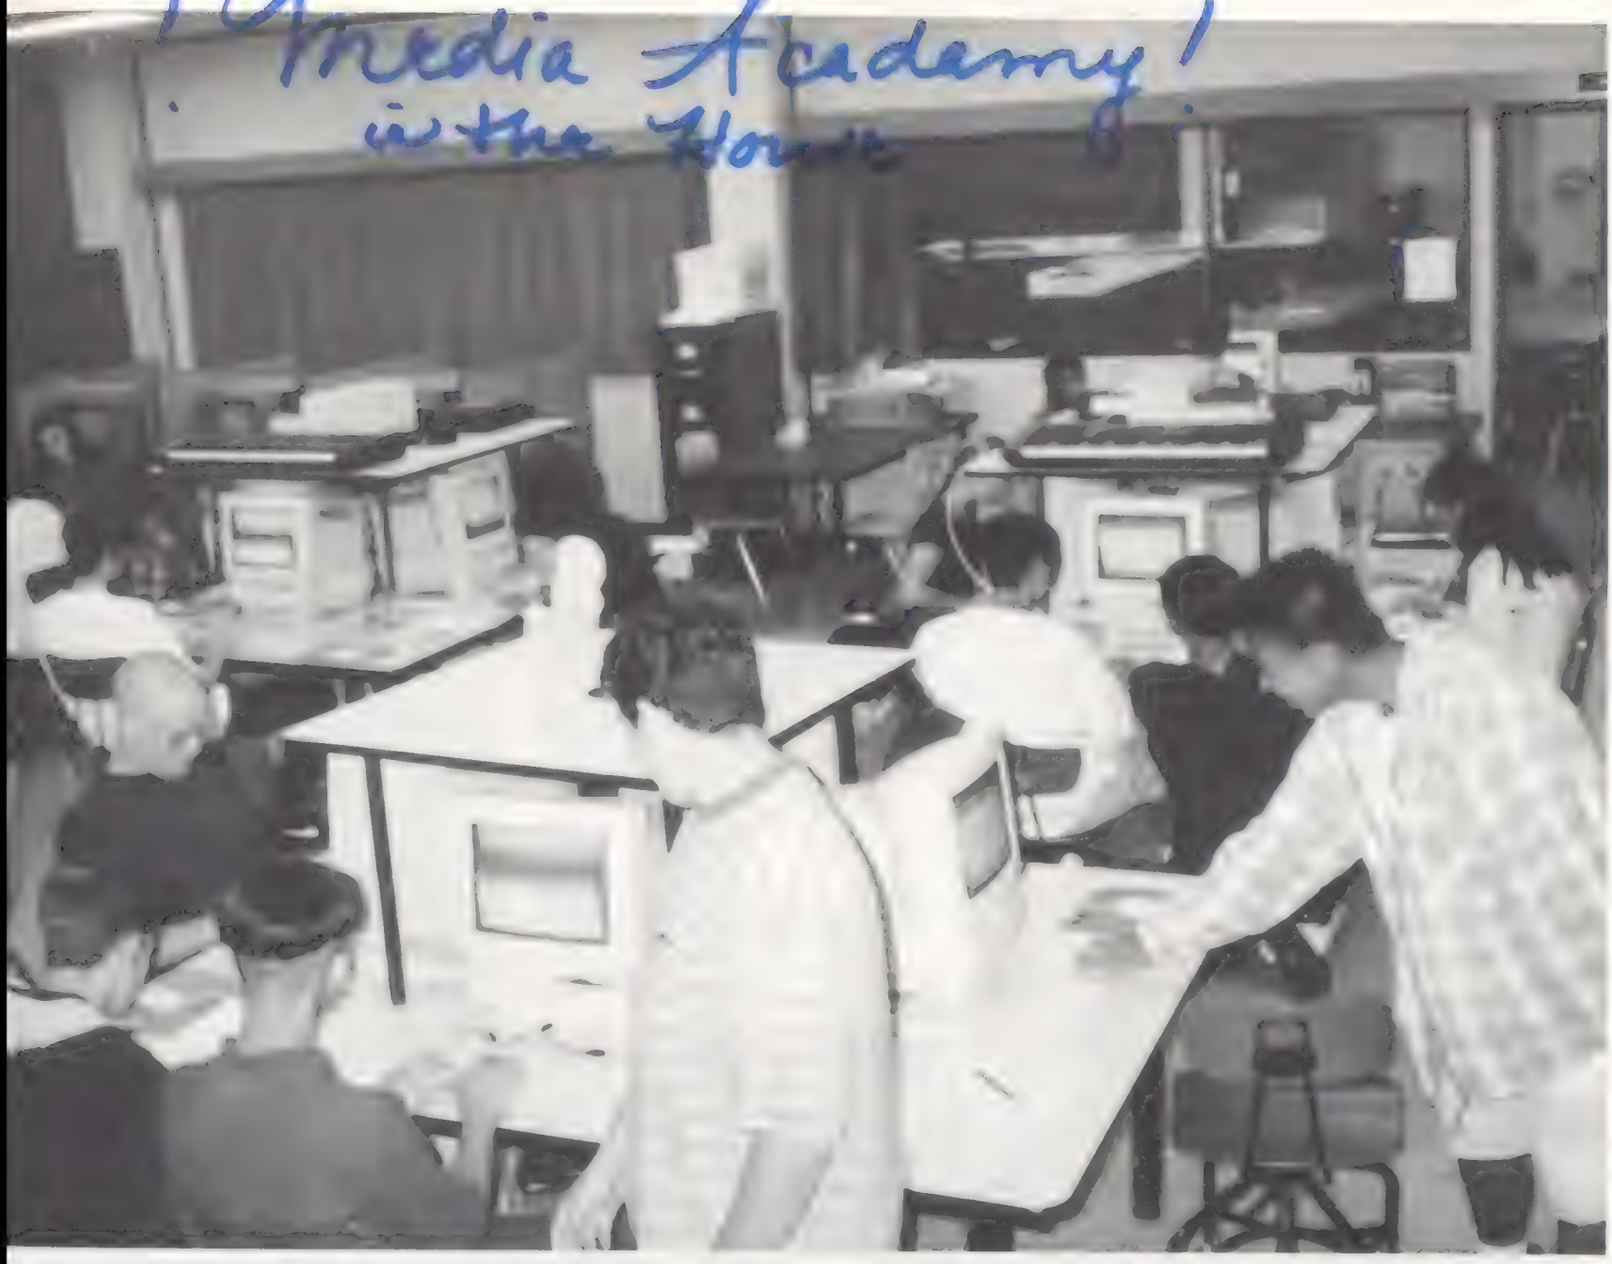
Concentration is the name of the game a Samantha Dinh well knows. She concentrate to complete her assignment on time.

Computer time! Jenny Jones, Jason Bowe and Kelly Skinner are trying to get some wo done on the computers in Humanities 1.

Let's get to work! While Bonita Wong and Amber Long are hard at work with assignments. Michael Roland sits and looks curios.

Hard at work with inquiring minds are Ms. Rose's students as they write and illustrate articles resembling the best gossip columns.

Media Academy in the Home



Getting down to work is what Stacen Steinhoff and Chris Wong are doing with their time on the computers.

"Listen to this", says Lourdes Ariosa to her partners Samantha Dinh and Bernice Chung in Ms. Carroll's class.

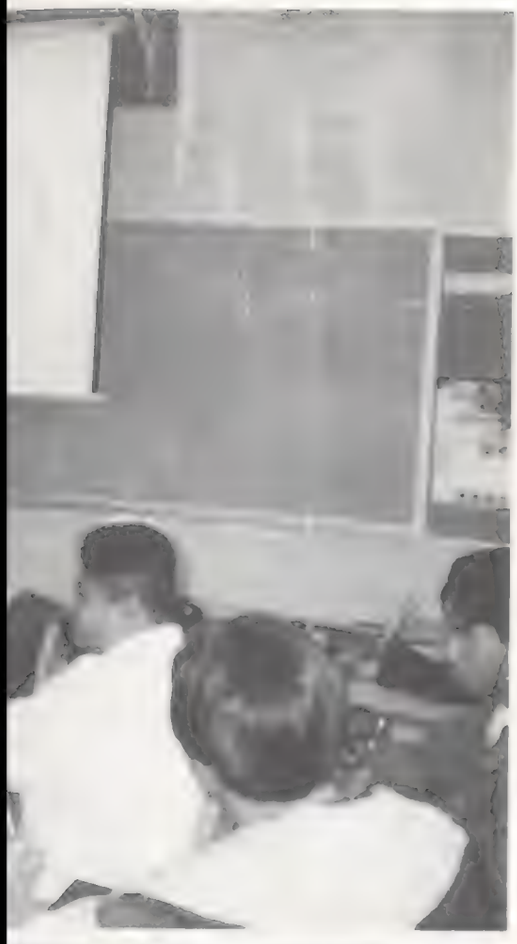
TIME TRAVLERS
HISTORY

Where can you find out who was present when the constitution was signed and that it has more than *7000* words declaring our independence? Who started WWI and who ***really*** killed JFK? All these amazing questions can be answered by our witty knowledgeable history department. These teachers have a knack at getting kids interested in things that happened years ago so we will be certain not to let history repeat itself.

•KIMBERLEY JOY MINER
AND
CHRIS NOBELLA

Cool joke teach! Students in Mr. Manno's Government and U.S. History classes are often found laughing along with his indescribable sense of humor. Many students will remember him for his sound advice "Friday the 13 falls on a Monday this year so be extra careful when you get out of bed."

Reading is fun! Students in Mr. Rodd's 4th period read the text to understand his lectures better. Although the day-to-day lectures may seem tedious, the Juniors in his classes always walk away with a supreme amount of knowledge and find themselves begging him to teach Government.



Turkey or Poland? Mr. Kaplan points to a map on his overhead creating the commonly seen floating hand on the wall.

Things that make you go hmm...Grady Harris tries to guess how many people are in the Senate.

Is that what you meant? A student finally understands what Mr. Kaplan has been talking about all year.

To Read Or Not To Read

English

Your eyes are very heavy. You've been reading for a half hour so far-You don't want to do it anymore! Sound familiar? Sound like a typical day in English class? Where would we all be today without those wonderful English teachers? From learning your ABC's to reading Shakespeare, all students have gone through tedias hours of studying for spelling tests, reading great classics, and preparing for anthologies.

Oh happy days! Another day, another English class! An elated Ms. Hand celebrates the joy of teaching.

Does anyone have any Vivarin? Senior Elizabeth LaBarre reads on; as she is deeply interested in Hamlet. Shakespeare is one of the many works that authors at A.H.S. have to read.

Keep up the good work! English teacher Mr. Freitis helps his student with an assignment.

In sum,some things have happened-others have not. But this is not important. What is important are all the good memories athat you have given me, and the insight and motivations that I have gained during this time. We hae gained. There are many things I would like to say to you-but the most important thing I can say is "Follow your Heart". If you wish you could do something, so it. don't let today slip into tomorrow-life is too short, and ther's no going back. Go out into the world, sxplor it, and have no regrets-A short life lived well is worth more than 100 lives lived long and in drudgery. Live your own life, and let our paths cross in the warnth of the future. **McCullough, Sakeenah-** *****"I'm excepting donations 2 help payback the money lent 2 pay 4 this hell of expensive Sr. Yr. 2 Ashika & **Sakeenah-** *****"I'm excepting donations 2 help payback the money lent 2 pay 4 this hell of expensive Sr. Yr. 2 Ashika & Shannell start savin' you $$$ this summer. 2 Tahira your total balance 4 consulting = $5000. Marty-its been tight.Hi Lia!Mom,thanks for everything,I love you.When I was a sophmore, someone wrote in my yearbook:"Make good memories,for they are all you have to keep"it took me two years to realize how true it really was.And to all those people that I didnt mention,I hope that I have been a positive influence on you,for you have had a profound influence on me. Thankyou. **Otis,Sam**-Since my days as king sh*t are coming to a temporary end, there are a few things I want to say: N.A.-You are a guitar stud and when you are on stage don't forget your N.H Hat! K.C.-All it takes is S.b. pres to get into stanford, and Liz Phair has cool thingies. L.C.-Make good use of my desk, and hey, spin the Black Circle! D.C.&S.M.-Have any buttons? L.K.-May the out-of-state plates be plentiful and may parents always be home. M.K.-Growing up with you was fun! E.L.-Thanks for the laughter! K.M.-Wanna dance? R.Q.-You always will put a smile on my face! C.R.=Where is my Present? N.S.-Like, oh ma ga! At least we agree on Keith. E.T.-How is your cranium? C.W.-Here in 1994 Things are different than before...and boy, that was a tres bien marde! J.W.&W.W.-If I hit one of you, will the other feel it? A.W.- You are awesome! Thanks for being a great friend and V.P. oh yea, you have great legs! M.D.-UM, UH, words, uh words. Mr F-Are you with me? MR S-Pick up any good trash lately? A.H.S. has been good to me, and I am almost sad to leave (whatever),but unlike some S.B. Presidents, I know when it is time to move on ! I WONDER

I wonder If you ever knew I cared.
I wonder if you ever knew, I liked your companionship.
I wonder if we knew we'd be a part like this.
I wonder if our spirits understand each other.
I wonder if we seek to be together in our next meeting.
I wonder if I say I Love You, now will you hear me.

-Wishon Chandler

So Many Questions

Why do you stand there alone.
So many wanting to come into your heart.
The heart of a girl who wouldn't share her pain only her happiness.
Now you're gone and the rest stand waiting.
Waiting for you to laugh.
Your drive for life will always be a fond memory in my heart,
and I will pass this on to Tiana.
I'm glad for the time we had,
the good and the bad.
I know now that you have all the answers
But, I still wonder why.

-Maria Franke

Shania, we'll miss you.

Love your friends at A.H. S.

Debi,
I thank you.
For cherished wonderful memories.
For your constant caring and generous heart.
For your strength, your wit and laughter.
For the beauty within, and yes, I think you are beautiful.
I am proud to be a part of your precious life.
I am proud to be - your mom.

It's been a pleasure watching you grow up.
We're so proud of you.

Love, Brittany

Crystal,
Congratulations on everything you have accomplished. We are very proud of you, and we love you!

Special Thanx:

A Yearbook Staff and Advisor can only do so much to make the yearbook a successful endeavor; therefore, I have many people to shower with appreciation for their contribution to our 1995 publication. First and foremost, I would like to thank **Gayle Lesken** from Jostens for her help, support and creative input. Secondly, Girabaldi Studios namely, **Tim, Robbie and Leisal,** for their wonderful photography, upbeat attitudes and patience. And the thank you list only grows: **Ethan Tabor** for his clock drawing which marks every page and his sports characters that are faded in behind the copy—remember where you got your publication start; **Liz Dunn-Ruiz and Gabe Reyes** for their art work. **Jackie Falletti** for her love of numbers and inspiration; **Longs Drugs** for their developing discount; **Dennis McDaniels** for helping us out in a crisis more than once; **Fred Chacon** for his cooperation during the club photos (tipped Coke machine and all), **The coaches** for their rosters and help; **Janice Carroll** for her technical wizardry and the "Academy Vision"; All the **teachers** that let students out of class, willingly or not, to work on the yearbook; and last but certainly not least, the **AHS students** who bought yearbooks, senior quotes, advertisements and supported us the entire year. We were lucky to have assistance from so many helpful people.

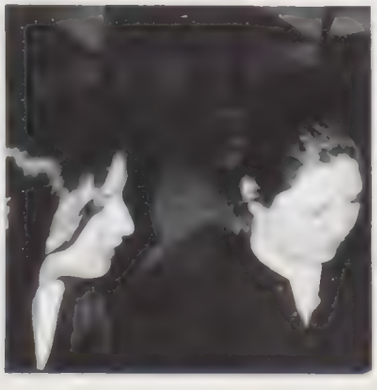
HEY ALL! it's finally done! The time has come to say thanks to everyone for their creativity, dedication and hard work...thanks everyone! dang n' stuff, i don't know what else to say...i had a great? time putting the yearbook-our yearbook-together. i think this is the best yearbook the class has put together in all of my years at a.h.s., i'm proud of it. in the words of tannie and linda, "i quit...stan's coming!" i'm glad nobody decided to quit even though some of us-i don't want to name any names ((kimberley)-came a tad close. i am also glad i was able to be part of this wonderfully stress filled publication. good luck next year to ms. rose, tiffany, and tabitha. thank you gayle for helping us produce such a wonderful book. thanks to garibaldi for the wonderful pics and patients. enjoy summer 'cuz yearbook will start all over again! tabitha and tiffany see ya wouldn't wanna be ya! lisa and bernadette-do you have your layouts done? cri-how 'bout them senior portraits? kim-we were pretty original with the theme weren't we? of course we had a little help ((1977& stanford)! PICAS FOREVER (you know who you are)!!!!!!!!!!!!! --homey.

A time to reflect and remember. This has been a difficult year, there is no way around that fact. But, on occasion, as all great artists know, inspiration can be created from chaos. This year's staff was full of creative genius. Homera and Kim, being the leaders of the pack, came back from camp excited and bursting with improvements on the 1994 book. They changed the look of this yearbook and made it their own. This publication reflects their style &attitude.Of course they had amazing Sectiion Editors who took their vision, mixed it with personalflair and submitted a piece of art.Tabitha, Tiffany,



final deadline

Crystal, Bernadette, Lisa, Liz LaBarre, Sarah, Tara, and Sakeenah all dedicated a large portion of their year making the yearbook a piece of A.H.S. history (her story perhaps?). The entire staff should be thanked for their effort, support, ideas, sense of humor and dedication. With Kim and Homera at the helm, everyone gave it their best and you all deserve a lot of recognition for your efforts. Thanks for your energyand creativity! Now take your bad selves out and enjoy summer--It's quittin' time! PEACE OUT.
--Robynne Rose

what a nutty year this has been!!

after meeting **gayle** we knew this yearbook was going to be different and symbolize the students who attend **a.h.s.** we were oh so excited after attending camp and had come up with our theme (with a little help from **hersheys miniatures** and **'77**) and all we had to do was convince the class that this would work. fortunately we didn't spend a week fighting and the class expanded on our ideas. first i have to thank **ms. rose** for giving me this opportunity and letting us make changes and take the risks so this wouldn't be " ... the way we did it last year." i gave you hell at times, thank you for understanding! can i have a pass to class? **homey**, camp was great, (even though things fell into our bags) and you always stayed so calm! have you seen the yellow **'77, and stanford book? crystal**-"hi nice to meet you i'm a section editor..." **lisa and bern**- did you finish the faculty layouts? **garibaldi guys** thank you for all the great pictures, especially the collage! **liz l.** you really brought creativity to this book, thanks for everything! **tab & tiff**- good luck next year! to all the **staff** who did more than necessary (some more than others you know who you are) thank you, this book is us and we should be proud!! **picas** you rock! -----kimberley joy miner
